

Arabian Trade House has placed its first order of Epiprotect

S2Medical AB (publ) has today received payment for dressings in the Epiprotect series from the Saudi Arabian distributor Arabian Trade House amounting to approximately 300 000 SEK. The order is a call off from the agreement that was made and later announced in October of 2021. Since Epiprotect is already registered in Saudi Arabia, the shipment will be sent to the distributor within one week.

The order marks the start of the collaboration with Arabian Trade House and the marketing activities that the Company will do in Saudi Arabia during the coming year.

“The collaboration with Arabian Trade House has started in the best possible way. The ordered dressings will be used partly for marketing and evaluation purposes, but also to cover initial orders from end customers that are expected the coming few months.” says S2Medical AB (publ)s COO Mårten Skog.

About S2Medical

S2Medical AB (publ) is a medical technology company that develops and sells innovative wound healing products for the entire wound healing process, with a focus on burns and chronic wounds. The company has developed eiratex®, a new cellulose-based material for healing severe burns and chronic wounds. The material heals wounds effectively and thereby reduces both suffering for patients and costs for health care.
